

Traffic Christmas and New Year 2024/2025

As the upcoming Christmas and New Year holidays approach, we would like our customers to plan and book deliveries well in advance. See general information below with loading days from NTEX before Christmas, and corresponding start-up again after the New Year. Loading during this period can take place based on the availability of materials but must be agreed separately. If necessary, contact your local NTEX contact person.

NB! Capacity for units and space on ferries is limited on weekends. NTEX reserves the right in such cases to provide feedback on any additional costs, as our suppliers have changed lead times and capacity during this period.
