

Information: Border Control Post Fee 2026

What is BCPF?

Since the United Kingdom left the EU, new customs and security requirements have been introduced in several stages. This means that all goods exported to the UK—regardless of the country of origin—must meet these customs and safety regulations. This also applies to shipments destined for Ireland when transported via the UK.

BCPF Fees for 2026

- Full trailer shipments: £22.13 / SEK 285 / €25.67
- Part-load and groupage shipments: £9.71 / SEK 125 / €11.26

These fees cover compliance with the new reporting obligations and ensure smooth handling of goods at border control posts.
